

Simply beautiful, on or off

The controls and zones of the stylish 600 Pure Induction Hob only appear when you need them. When not in use, the hob's sleek surface is designed to blend seamlessly into your worktop. When you're ready to create culinary magic, a touch will activate the hob, revealing its settings and functions.

Product Benefits & Features

A modern hob, beautifully designed

A sleek black surface when it's turned off, the hob blends seamlessly into your kitchen counter. The hob's controls are illuminated at a touch, displaying stylish windmill designs in the cooking zones. Our elegant hob is the perfect addition to a modern kitchen.

- Right rear zone: Induction, 2300/3200W/210mm
- Key-lock function
- Child safety lock function
- Acoustic signal with switch off option
- EcoTimer™
- Timer function
- CleverHeat™ function
- Easy installation thanks to snap-in system
- Main colour: Black

Tailored to the size of your pans with Infinite self-sizing zones

The Infinite self-sizing cooking zones adapt to the size of your pans as soon as they are covered. The zones offer total coverage, whatever the size of your pot, delivering heat with no performance loss. Enjoy accurate and efficient cooking with our self-sizing zones.

Hob2Hood® for pure convenience

The Hob2Hood® function wirelessly connects your hob to your hood. Start cooking and the hood will automatically adjust the settings, providing the best extraction based on the power selected on the hob. It does the hard work so you can keep your mind – and your hands – on your cooking.

Cooking zones light up with ActiveTouch

When you place your pan on the hob the corresponding slider control automatically illuminates. So you know intuitively which control to use for your cooking. Simply select the desired temperature for your dish with the swipe of your finger, and you'll enjoy delicious results, quickly.

Every zone individually timed

Cooking multiple dishes can be complex, but setting timers shouldn't be. Set individual timers for each cooking zone, and when the timer's finished the hob automatically shuts off. It's smart assistance so every meal comes together with ease.

Product Specification

Product Installation	Built_In	Depth cutting	490
Product Typology	Electric_Hob	Radius cutting	5
Product Classification	Statement	Fastening	Snap in System
Installation	Independent	Gas original	No
