

Natural drying with fresh air

Our 300 AirDry Dishwasher finishes each cycle with a breath of fresh air, performing 3x better than closed-door systems. The door opens automatically during the drying phase using fresh air to get plates and cutlery completely dry.

Product Benefits & Features

3x better drying with AirDry

The new AirDry technology uses natural airflow to finish drying, for up to 3x better performance compared to closed-door systems. The door opens 10 cm towards the end of the cycle, letting air circulate for superb drying results.

QuickLift - change the basket height even when fully loaded

Whether loading or removing dishes do it comfortably with the QuickLift basket. Even when the upper basket is fully loaded, the QuickLift system allows you to quickly raise and lower your rack to fit dishes and kitchen tools of different shapes and sizes.

Quick and efficient

Your new time saver. When you have a light load, our 30-minute quick wash programme offers the perfect solution. And all without compromising on results. For the perfect washing result - fast.

Get the best performance, with machine care

Keep your dishwasher running at its best with the machine care cycle. The specifically designed programme and detergent work together to keep limescale and greasy build-up at bay, so you can enjoy better dishwashing results for longer.

AutoSense, the smart selection

Enjoy a fully-customised dishwasher cycle, every time, with the AutoSense programme. Smart sensors automatically adjust the time, temperature and water usage depending on how much cleaning each load needs. It's efficient washing for the best results.
