

Optimised washing with load-sensing technology

The 600 SensiCare Washing Machine detects load size, adjusting time, water and energy for each individual load, from one kilo to a full load.

Product Benefits & Features

SensiCare - save up to 30% of time, water and energy with load-sensing technology*

SensiCare is a load-sensing technology that detects load size and adjusts the programme in order to save up to 30% of time, water and energy per load.* This ensures precise and tailored washing for every garment.

*Based on internal test of time, water and energy consumption of a 1kg load compared to max load in Cotton cycle 30°C using SensiCare which adjusts the programme based on load size.

Precise-dosing AutoDose helps reduce up to 60% of detergent use*

AutoDose adds the precise dose of detergent and softener to loads. It helps to prevent manual overdosing and can reduce up to 60% of detergent use.*

*Based on an internal test of the amount of detergent used for a 2kg load with AutoDose compared to an average manual dose according to internal panel test.

Remotely control your laundry appliances with Connected

Link your appliance to the Electrolux app to enjoy the ease of remote control. Get real-time status updates, resource-saving advice and garment care tips with Connected.

Reduce washing time with Time Manager®

Don't wash longer than you need to. Wash your clothes with the adjustable 4-step Time Manager® feature and finish washing cycles in less time.

Steam Hygiene Programme removes 99,99% of bacteria and viruses*

The Steam Hygiene Programme, certified by Swisstest, combines a wash cycle and steam to remove more than 99,99% of bacteria and viruses* above 60°C. Pollen and allergens are also reduced for hygienically clean clothes after every wash.

* Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstest Testmaterialien AG in 2021 (Test Report No. 202120117)

- Inverter+ Motor
- Soft Drum
- Anti-foam rinse system
- Anti-flood protection
- Woolmark Blue
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: Cottons, Synthetics, Delicates, Wool, Rapid 20 Min, Rinse, Spin/Drain, Jeans, Sport, Silk, Duvet, Outdoor, Hygiene, Eco 40-60
- Program card languages: Danish, Finnish, Norwegian, Swedish
