

## Product fiche concerning the "COMMISSION DELEGATED REGULATION (EU) No 65/2014"

|                                                                                                              |
|--------------------------------------------------------------------------------------------------------------|
| Trade mark: Bosch                                                                                            |
| Model identification: DWB76BC50                                                                              |
| Annual Energy Consumption: 47.4 kWh/a                                                                        |
| Energy Efficiency class: B                                                                                   |
| Fluid Dynamic Efficiency: 28.9                                                                               |
| Fluid Dynamic Efficiency class: A                                                                            |
| Lighting Efficiency: 32.5 lux/Watt                                                                           |
| Lighting Efficiency class: A                                                                                 |
| Grease Filtering Efficiency: 85.4 %                                                                          |
| Grease Filtering Efficiency class: B                                                                         |
| Air flow at minimum / maximum speed in normal use: 248.9 m <sup>3</sup> /h / 619 m <sup>3</sup> /h           |
| Air flow at intensive or boost setting: - m <sup>3</sup> /h                                                  |
| Airborne acoustical A-weighted sound power emissions at minimum / maximum speed in normal use: 49 dB / 70 dB |
| Airborne acoustical A-weighted sound power emissions at intensive or boost setting: - dB                     |
| Power Consumption in off mode: 0.00 W                                                                        |
| Power Consumption in standby mode: - W                                                                       |

## Information for domestic range hoods (EU) No. 66/2014

|                                                                                                                                                                 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Model identification: DWB76BC50                                                                                                                                 |
| Annual Energy Consumption : 47.4 kWh/a                                                                                                                          |
| Time increase factor : 1                                                                                                                                        |
| Fluid Dynamic Efficiency : 28.9                                                                                                                                 |
| Energy Efficiency Index : 55.3                                                                                                                                  |
| Measured air flow rate at best efficiency point : 314 m³/h                                                                                                      |
| Measured air pressure at best efficiency point : 418 Pa                                                                                                         |
| Maximum air flow : 619 m³/h                                                                                                                                     |
| Measured electric power input at best efficiency point : 126 W                                                                                                  |
| Nominal power of the lighting system : 2.8 W                                                                                                                    |
| Average illumination of the lighting system on the cooking surface : 91 lux                                                                                     |
| Measured power consumption in standby mode : - W                                                                                                                |
| Measured power consumption off mode : 0.00 W                                                                                                                    |
| Sound power level : 70 dB                                                                                                                                       |
| Short title or reference to the measurement and calculation methods used to establish compliance with the above requirements: EN 61591, EN 60704-2-13, EN 50564 |
