

PureWash provides gentle washing, helping protect the colour* and shape of your clothes**

The 900 PureWash Washing Machine delivers the most advanced washing technologies, including Softwater technology which filters hard water for detergents to work at their best. PureWash provides gentle washing, helping protect the colour* and shape** of your clothes.*

*Based on external test for colourfastness on polyester fabrics after 50 cycles in 30°C with PureWash Softwater technology.

**Based on internal test showing less shrinkage on several cotton fabrics washed with PureWash Softwater technology with hard water in a Cotton cycle vs. unfiltered hard

Product Benefits & Features

PureWash provides gentle washing, helping protect the colour* and shape of your**

PureWash, with Softwater technology, purifies hard water to provide efficient washing even in lower temperatures. PureWash also keep colours like new even after 50 washes* and will help protect the shape of your clothes.**

*Based on external test for colourfastness on polyester fabrics after 50 cycles in 30°C with PureWash Softwater technology.

**Based on internal test showing less shrinkage on several cotton fabrics washed with PureWash Softwater technology with hard water in a Cotton cycle vs. unfiltered hard

With one click, SmartSelect adjusts the washing based on your needs, saving up to 80% of e

Select cycle and tune the intensity according to your needs. Based on your choice, SmartSelect will provide feedback, adjusting the programme length and temperature, guiding you to save energy, time and water.

*Based on internal test comparing energy, time and water consumption of SmartSelect Normal setting Cotton 40° with SmartSelect Extra Light setting Cotton 20° on a 4kg cotton load.

1. UltraQuick 39min - complete stain removal even at low temperature,* saving up to 30%

UltraQuick 39min is a more energy-efficient,* powerful programme optimised for daily loads. At low temperatures (30°C) and in short time (39 min), it delivers complete stain removal for mixed loads of cottons and synthetics.**

1. *Based on external test of stain removal on 50 common household stains using UltraQuick 30°C programme with 5kg load

**Based on internal test comparing energy consumption of the 40°C cotton programme with the 30 min 30°

DynamicDisplay – easy navigation with personalised guidance

Enjoy easy navigation and personalisation with the DynamicDisplay. Receive on-screen tips and quick access to your favourite cycles with customised settings; and link your appliance to the Electrolux app to control your laundry remotely while receiving resource-saving advice.

Refresh with steam and wear it again, saving up to 96% of water.*

The 25-minute SteamRefresh programme is suitable for delicate garments and uses less water than regular washing. For an even fresher feel, you can add Electrolux Steam Fragrance.

*Based on internal test of water consumption comparing SteamRefresh with full wash 30°C Delicate programme using a 1kg load.

- UltraCare washing system
- Inverter+ Motor
- Connectivity: WiFi
- Anti-foam rinse system
- Woolmark Green
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Machine Cleaning
- Washing programs: Cottons, Delicates, Down Jacket, Duvet, Eco 40-60, Hygiene, Jeans, Machine Clean, Outdoor, Rapid 20 Min, Rinse, Silk, Spin/Drain, Sportwear, Synthetics, Ultraquick 39Min, wool/silk
