

The fast, safe and clean way to cook

Induction technology ingeniously targets the spot you're heating, leaving other areas cool and safe. The hob responds instantly to temperature changes making your cooking more efficient, and the glass surface means cleaning is easy.

Product Benefits & Features
The right cooker for you – easy, fast and safe

Induction Hob technology means that heat is delivered quickly and precisely, while the surrounding areas remain cool and safe. It also reacts instantly to temperature changes. And the smooth surface makes it easy to clean.

SteamBake for delicious baking

SteamBake lets you create bakery-style results in your own home. Humidity allows dough to rise up fully, creating deliciously soft insides, while dry heat creates rich, glossy crusts.

The healthy way to enjoy fried food

Enjoy all the benefits of a countertop air fryer, without the need for an extra appliance. The AirFry function is built into the oven – designed to work in perfect harmony with the AirFry tray. For crispier vegetables and french fries, without any unnecessary oil.

Multilevel Cooking. Cook more at the same time

With Multilevel Cooking, the additional heating ring ensures your dishes are perfectly cooked even when loaded with two trays at the same time.

An oven that cleans itself, so you don't have to

The Catalytic Cleaning feature helps to avoid the build-up of dirt and grease in the oven of our freestanding cooker. This self-cleaning technology automatically starts to work when the temperature reaches 250°C. Removing cooking residue to make cleaning effortless.

- PlusSteam function
- Hob2Hood
- Food sensor with auto switch off-function
- Push pull drawer
- Display with timer and start-stop automatic-function
- Light 2, Back&Side
