

Meet the everyday classic preserver

With ProSense® Technology in the AEG 6000 series top-loader washing machine, every load is weighed to tailor the cycle. Adjusting to the minimum time necessary for a thorough clean. Keeping clothes looking their best and optimizing space with a compact design.

Product Benefits & Features

Caring for clothes. Saving water and energy

With ProSense® Technology, every load is weighed to tailor the cycle - adjusting to the minimum time necessary for a complete clean. Reducing wear and protecting the colours of your classics.

Enjoy the feeling of softer clothes

The SoftPlus option makes sure that softener reaches every part of the fabric when it enters the drum, it helps your clothes feel softer, silkier, and smoother than ever before, while protecting fibres and prolonging the life of every garment.

Opens gently, works effectively

This top-loading washing machine has a carefully designed Soft-Opening System, so that you can access the interior safely – and with just one hand.

INVERTER MOTOR+. DURABLE AND ENERGY-EFFICIENT

Experience energy-efficient washing for longer with the Inverter Motor+. Built for low energy consumption thanks to permanent magnet motor technology.

ENERGY EFFICIENT WASHING IN THE QUICKEST TIME POSSIBLE

Many Eco programmes save you energy. The Eco TimeSave also saves you time. The programme allows you to select ECO and TimeSave options together, giving you an energy efficient washing machine that's as quick as possible.

- Washing capacity: 6 kg
- Maximum spin speed: 1200 rpm
- Energy saving inverter motor for increased performance and very silent working
- Large LCD display
- Automatic top positioning of drum opening at end of the program
- Woolmark Blue
- Extra wheel for easy moving
- Anti-flood protection
- Silk program designed specifically for silk clothes
- Option for stain removal
- Time save option
- Washing programs: 20Min 3Kg, Anti Allergy, Cottons, Delicates, Duvet, Easy Iron, Eco 40-60, Outdoor, Spin/Drain, Synthetics, wool\ silk
