

The fast, efficient hob for fuss-free cooking

The Radiant Hob is the fastest way to heat without using induction. Easy to clean, convenient and intuitive, ceramic cooking zones heat quickly, ensuring your dishes are ready in no time.

Product Benefits & Features
The Radiant Hob – for fast cooking

The Radiant Hob is fast and easy-to-clean with ceramic zones that heat quickly and accurately for fuss-free cooking.

The oven that's easier and more convenient to clean!

The moveable shelf supports make it easier than ever to give your oven a thorough clean, even in those tricky corners, in less time and with less effort.

A glass door that's simple to keep clean

The glass in this oven's door is simple to clean. You can completely remove the door and the glass panels, and quickly clean it all.

Conventional Cooking – reliably easy and great for baking

Always reliable and convenient with consistent top and bottom heating, Conventional Cooking is excellent for baking.

Black Enamel – durable and easy to clean

Black Enamel is the optimum material used for a cooker's cavity. Robust, durable and easy to clean, it facilitates the cooking process.
