

Optimised washing with load-sensing technology

The 600 SensiCare Washing Machine detects load size, adjusting time, water and energy for each individual load, from one kilo to a full load.

Product Benefits & Features

SensiCare - save up to 30% of time, water and energy with load-sensing technology*

SensiCare is a load-sensing technology that detects load size and adjusts the programme in order to save up to 30% of time, water and energy per load.* This ensures precise and tailored washing for every garment.

*Based on internal test of time, water and energy consumption of a 1kg load compared to max load in Cotton cycle 30°C using SensiCare which adjusts the programme based on load size.

Protects your fabrics wash after wash* and saves detergent

Advanced load sensing technology using AI algorithm adjusts cycle time, water, energy and detergent use based on amount of load.** Fabrics are protected*, and you can save up to 60% on detergent.***

*Maintains 85% of original garment strength after 50 washes, based on external test by Ritex testing lab on 4kg load washed in 40°C cotton cycle.

**Based on Load weight detection algorithm that has been pre-trained. No user data is used to further

Reduce washing time with Time Manager®

Don't wash longer than you need to. Wash your clothes with the adjustable 4-step Time Manager® feature and finish washing cycles in less time.

Steam Hygiene Programme removes 99,99% of bacteria and viruses*

The Steam Hygiene Programme, certified by Swisstest, combines a wash cycle and steam to remove more than 99,99% of bacteria and viruses* above 60°C. Pollen and allergens are also reduced for hygienically clean clothes after every wash.

* Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstest Testmaterialien AG in 2021 (Test Report No. 202120117)

Rapid washing, for quick results

1. The Rapid programme lets you quick-wash your clothes for light cleaning. Take care of 3kg of laundry in just 20 minutes.

- Inverter+ Motor
- SoftDrum
- Delay start option
- Anti-flood protection
- Woolmark Blue
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: Cottons, Delicates, Duvet, Eco 40-60, Hygiene, Jeans, Outdoor, Rapid 20 Min, Rinse, Silk, Spin/Drain, Sport, Synthetics, Wool

Product Specification

Nordic_WM_FamilyName	PerfectCare 900	Washing efficiency index (3 digit, E20)	1.031
Energy efficiency class, legal (E20)	A	Cycle duration, program Eco 40-60, h:min	3:40
Load, kg - 3rd Generation Performance, Programs (E20): Eco 40 -60 Full Load	9.0	Water consumption / cycle, l (E20)	50
Nordic_WM_AutoDose	Yes	Weighted remaining moisture content, %	53.4
Nordic_Laundry_MotorType	Inverter	Cord length, m	1.8
Drum volume, l	68.6	Connected load, W	2100
Porthole diameter, cm	49	Volt, V	230
Dimensions HxWxD in mm	847x597x636	Nordic_WM_ProSense_or_SensiCare	SensiCare
Depth max, mm	658	Net weight, kg	74.5
Depth open door	1016	Product Number Code	914 932 607
Feet/Wheels	4 adjustable feet	Bar code	7333394143507
Inlet hose length, cm	130		
Outlet hose length, cm	145		
Max spin speed, rpm	1400		
Spin drying efficiency class	B		
Energy consumption / cycle, kWh	0.493		
Weighted average energy consumption / 100 cycles, kWh (E20)	49		
Airborne acoustical noise emissions, dBA re 1 pW	76		
Airborne acoustical noise emission class	B
